Dinky Jewels Collection

Dinky Jewels

Rings, earrings, pendants, small brooches and pins make up this series of work.

I make them or find them in flea markets, and they become prototypes that end up as small jewels. These sweetly ironic, figurative pieces inhabit a small world that expands as I find or imagine a new object. These are recognisable by everyone...they are now used to adorn us, but they stem from our most absolute everyday environment.

EARRINGS/PENDIENTES
